A little about us

It all started with a love story. In 2016, musician Giorgio arrived in Bahrain for a summer contract. Within weeks, he met Reem, and sparks flew. Reem, a lifelong animal lover and equestrian with an acting career, shared Giorgio's passion for food and business. Together, they embarked on a culinary adventure, exploring every restaurant, cafe, and tea room they could find.

This shared passion blossomed into a dream: a unique English tea room offering classic dishes with a twist, alongside local favourites. They envisioned a beautiful space with exceptional service, creating a memorable and enjoyable experience for every guest.

Fast forward, and after nearly two years of tireless effort, The English Rose Tea Room came to life. Reem and Giorgio transformed an empty space in the heart of Adliya into something truly special. With the loving support of their parents, they built a stunning tea pot clock, many flowers arrangements, crafted menus, and even scoured antique shops in England for vintage crockery.

Their dedication extends to the menu. Reem and Giorgio personally develop all the dishes, infusing some local flavours with a twist for a delightful fusion. They also take pride in creating a stunning selection of 'Creative Cakes' alongside event catering services.

But The English Rose Tea Room is more than just a business.

Reem and Giorgio pour their hearts into every aspect.

They're often found in the kitchen, whipping up culinary delights for their guests. They even create, film, and star in their social media reels, making the tea room a truly personal love affair.

Thank you for joining us on this journey.

We hope you enjoy your visit and contribute to making our dream a delicious reality.

Reem & Giorgio
